The Adventurous Journey (AJ) Group Assessor Report allows an Adventurous Journey Supervisor and/or Assessor to sign-off on the team’s Practice and Qualifying Journey once, instead of completing it for each individual participant through the ORB.

<b>2. Complete Group Assessor Report:</b>	Fill out the Group Assessor Report below. The team displayed thorough preparation before the river kayaking journey, conducting research on the local environment, and reviewing kayaking protocols. As a team we discussed the highlights and challenges of the practice. Since the QJ was occurring the next morning, we discussed anything that could possibly impact our ability to safely execute our QJ for the next 2 days and what modifications we might need to make to our route or plan. It was about lessons learned from the PJ journey. This included how the weather/wind impacted paddling and safety, any equipment or gear failures or malfunctions, any personal fears, and challenges, and concluded with a discussion about teamwork, leadership, and decision-making processes.

After a long day of paddling, they came together and cooked a delicious meal over a campfire, strengthening their bond as a team. Although they encountered a few challenges with navigation and setting up their tents, they demonstrated resilience and were eager to improve.

Overall, the team's approach and adaptability worked well, and they are on the right track for their upcoming Qualifying Journey.
