

WHY THE AWARD MATTERS

The Duke of Edinburgh's International Award provides a framework for you to focus on personal development while exploring new interests, pushing your limits and learning from experiences.

SKILLS THAT SHAPE YOUR FUTURE

These 4 soft skills are just as important as hard skills and considered a key asset when seeking education and employment opportunities...

Communication

Collaboration

Problem Solving

Adaptability & Resilience

WHAT AWARD HOLDERS SAY

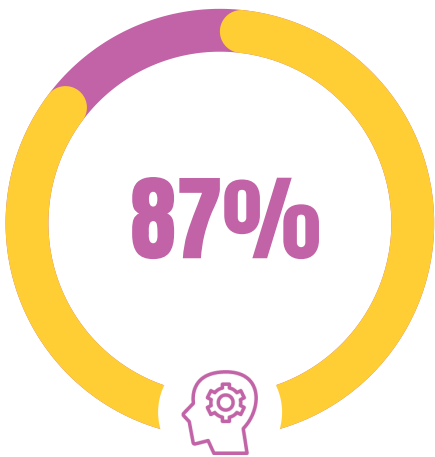

"The extraordinary and challenging part of this Award program is sustaining and continually working on the betterment of oneself and the community. The program pushed me outside of my bubble and I will, thanks to the Award, continue with my journey of exploration and learning for the rest of my life."

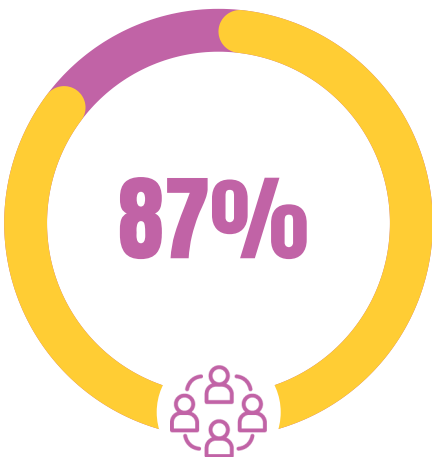

-Carmen, Bronze, Silver and Gold Award Holder

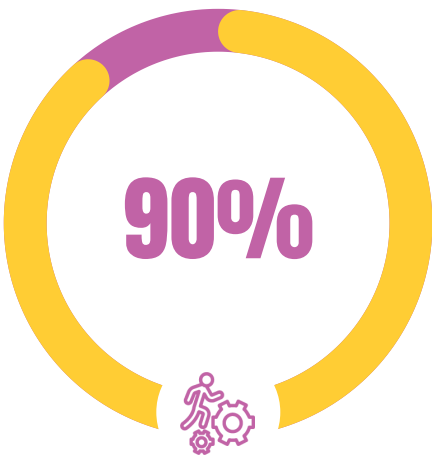

are better at communicating an idea in different ways

now see challenges as opportunities to develop

feel they can be a good team leader

believe they can make a difference to their local community

**Award Outcomes 2021 Analysis

Develop essential skills and build positive habits while working towards your goals 1 week at a time.

THE AWARD SHOWS YOU HOW TO...

Take on new challenges

Completing the Award demonstrates you've established constructive habits, persevered through challenges, and seek continuous growth.

Grow your network

When completing the Award, you will work with others and seek consistent feedback. The Award expands your network, increases opportunities, and builds mentors and references.

Maximize your resume

From highlighting the Award on your resume, to showcasing your Award in interviews, and confidently communicating your new skills, you can leverage your Award to help prepare for your next challenge.

Build soft skills

You will be a step ahead if you can demonstrate to potential employers or schools that you are motivated, accountable, and can productively communicate and work with others.
